# *Sunny Home*

*In 2004, as part of their divorce proceedings, they negotiated the possibility of buying a home for the wife and their children. After researching various properties, Sunny Home 1 was selected as the key proposal based on its architectural plans, to be bought "off-plan." The term "off-plan" is widely used in real estate to describe buying a property that hasn't been constructed yet, relying on plans and specifications provided by the developer. The proposal was ultimately rejected, no home was bought, and Sunny Home 1 never built.*
